

# SUITE 150

**INTERNO**  
DOORS BY ALUMIL

## Description

Suite 150 system consists of a “hidden” aluminum corner frame, for any wall thicknesses and pressed wooden door leaf, available in a variety of surface finishes, such as natural and artificial veneers, special veneers, 3D material, lacquer matte and gloss, as well as just a primed surface to be painted on site with any technique or coated with wallpaper.

The specific door system offers co-planarity with the outside surface of the wall, while still opening inside, or vice versa, apart from normal openings, being ideal for incorporating with its surroundings. The system is equipped in its standard version with magnetic lock and 3 concealed hinges with 3-way adjustability.

### 1. Details - Frame
